## Listening Comprehensive

### PART A

#### Directions:

Each item in this part consists of a brief conversation involving two speakers. Following each conversation, a third voice will ask a question. You will hear the conversations and questions only once, and they will *not* be written out.

When you have heard each conversation and question, read the four answer choices and select the *one*—(A), (B), (C), or (D)—that best answers the question based on what is directly stated or on what can be inferred. Then fill in the space on your answer sheet that matches the letter of the answer that you have selected.
